## UNITED STATES IS RICHER BY GREAT SUM FROM TAXATION

[Republican A. P. Leased Wire]  
NEW YORK, Jan. 29.—The United States Steel corporation paid to the federal government more than half its earnings in the final quarter of 1917, according to a statement of the corporation issued today.  
Total earnings for that period amounted to \$59,724,125 after making allowance for \$60,350,364 paid into the government treasury as war income and excess profits. Net income for the final quarter was \$48,635,344 and surplus for the same period amounted to \$16,288,272.

This compares with total earnings of \$68,243,743, net income of \$55,245,377, and surplus of \$21,824,554 for the previous quarter.  
In keeping with expectations the directors declared an "extra" dividend of 3 per cent on the common stock, in addition to the regular common dividend of 1 1/2 and preferred of 15. Including a Red Cross dividend of one per cent voted in the second quarter, total distributions on the common shares for 1917 amounted to 18 per cent.  
Total earnings for 1917 amounted to \$331,568,131, after charging off \$212,467,249 to government taxes, etc. It is expected this amount will be increased to \$350,000,000 when final returns are made to Washington.  
In 1916, when no appropriations were made for war income and excess profits, the corporation's total earnings were \$342,997,092.

## WOULD REPLEVIN CLOTHING SHOP

The Replevin action brought by D. A. Fraser versus R. L. Balke is being heard in Judge Lyman's court and is being followed with interest by business men in the city although a comparatively small sum, less than a thousand dollars, is involved.  
It is alleged that L. M. Byrd was in debt to the Standard Clothing company of Chicago for several hundred dollars. The company it is claimed assigned the bill to Fraser who got judgment and levied a writ of execution against Byrd. It then appeared that the shop was owned by Balke who secured a writ of replevin. The suit now on trial was brought by Fraser to satisfy the other judgment.  
It is alleged by the plaintiff that there was nothing to indicate that Balke was the owner of the Byrd shop, his name not appearing on the door and since Byrd was engaged in the business he was therefore subject to the writ of execution.  
Townsend and Henderson represent the plaintiff and P. C. Struckmeyer the defendant.

## ODD FELLOWS GIVEN MEDALS

Veteran members of Phoenix lodge of Odd Fellows were honored at the hall last evening when gold medals, signifying 25 years membership were presented. The names of the members were beautifully engraved on the medals. The token, bespeaking appreciation and high esteem of the other members, is given only after a continuous membership of a quarter of a century in one lodge.  
Some of the pioneer members of the lodge have belonged for from 25 to 40

years, and can remember when they crossed the Old Salt River and came to Phoenix on burros.

The presentation speech was made by Past Grand Master James. The following 12 members received the Odd Fellow jewels last evening:  
J. M. Gregory, Ben Hank, Ruben Hill, John S. Hardin, Frank P. Trott, A. J. Strook, L. C. Hester, Charles W. Stevens, N. A. Morford, Jacob Miller, George A. Mintz, and C. S. Scott. Past Master Trott presented a 50 years jewel to N. A. Morford in behalf of the Grand Lodge of Arizona for services rendered.

TACOMA, Wash., Jan. 29.—Accused of disloyalty, seven alleged members of the Industrial Workers of the World were placed on trial today in the United States district court, Major George Strong, judge advocate at Camp Lewis, near here, appearing for the government with United States District Attorney Geo. Fishburne. The men were arrested at the national army camp, where

they had been employed by a construction company. The defendants are D. Hodges, Leonard Foster, J. B. Pihlin, F. A. Martin, J. Perry, J. N. Casey and P. Male.

## LIMIT IS EXTENDED FOR WHEAT BREAD

[Republican A. P. Leased Wire]  
WASHINGTON, Jan. 29.—The food administration tonight extended until February 3 the time when bakers must use at least five per cent of other cereals than wheat in all bread baked by them. This percentage must be increased rapidly until by February 24 they are using 20 per cent of other cereals. No baker will be entitled to advertise Victory bread until he has reached the 20 per cent ratio.  
Rye flour may be used until March 3, when it will be placed upon the ration list. Rye flour is being shipped to the allies.

## MOVIE FANS SEE FAMOUS ACTRESS

Seeing in person a famous star who will be presented here in a short time in a Triangle production at the same theater, was the novelty afforded patrons of the Columbia last evening when Miss Irene Hunt gave a short talk on the filming of photoplays.  
The dainty little star appeared in a becoming sports costume of white, a shell pink sweater and fetching tam o'shanter adding a dash that was bewitching. She greeted her audience in a frank, friendly manner and in the same informal fashion recounted little incidents in connection with the making of the "Maternal Spark." She made scant reference to herself in the production only when she must in referring to some feature of the picture with which she wished the public to be impressed when it is shown here. The "high school dog" the pride of the Triangle corporation was named by the charming girl as the star of the play.  
Miss Hunt's voice, because she alluring quality that recalled her stage appearance before she forsook the footlights for the motion picture world. She declared she had no desire to return to the speaking stage where she gained fame in stock, vaudeville and later with Robert Mantel in Shakespearean productions. She rates the photodrama as the most satisfying art and takes especial satisfaction with her present engagement with the Triangle people from whom she says the public may learn to expect surprises.  
Closing its studio for a week because of the regulations governing the use of fuel, gave the members of the film company a seven-day holiday which Miss Hunt is enjoying to the utmost in Phoenix. She is infatuated with the great American desert and sees in it wonderful possibilities for staging a

## APACHE TRAIL IN BAD SHAPE

Forty-eight hours on route from Roosevelt to Phoenix, was the harrowing experience of J. R. Towles, of the United States Forestry service, who left the dam by auto Saturday morning and arrived here Sunday night. Mired down once on the Roosevelt side of Fish Creek, and marooned once between two turbulent mountain streams which were born overnight, the party doubted for a while if Phoenix would ever be reached.  
Though the Apache trail has been in very bad shape, the rain has undoubtedly been of much value to the entire state, according to Mr. Towles.  
Relative to improvements of the hotel facilities at Roosevelt, Mr. Towles said he has been temporarily stopped, though the old hotel has been moved back and preparations made for the erection of the proposed new building. According to Mr. Towles, announcement was made recently by a Southern Pacific official that work would be resumed shortly.

## SEEK LIEN ON MINE PROPERTY

The case of the J. W. Dorrington Investment company, Carmen Norton and R. H. Genung, appellants, against A. Armenta, appellee, Yuma county was filed in supreme court yesterday. This is an action to enforce a lien owned by the first two named appellants who had granted an option on the property to Genung. The latter had incurred obligations to the appellee for merchandise used in the operation of the property and there had been assigned to Armenta, two claims for requirements of paragraph 3510 in the preparation of the lien.  
The case of Santa Cruz county appellee against W. S. McKnight, a former county official, one of the appellants, was also filed yesterday. The case was brought by the appellant to collect a note which had come into its possession by purchase from the original payee.

## NO DATE FOR NEW CALL OF DRAFT IS FIXED BY NATION

(Continued from Page One)

The United States, England, France and Italy.  
Testimony Confidential  
Although much of Mr. Coffin's testimony was confidential, a considerable part will be made public, probably Thursday, when he will be cross-examined in open session.  
Further inquiry into the aviation service will be made tomorrow, when Brigadier General Squire, chief of the army service, and Colonel Deeds will appear, probably in executive session.  
The committee had hoped to recall Secretary Baker before the end of the week for cross-examination on his statement yesterday of army achievements, but tonight Chairman Chamberlain thought the aviation branch would consume the next few days and postpone Secretary Baker's return next week.  
Discussion of the controversy over the war and the proposed war department re-organization also is impending both in the senate and house. Senator Wadsworth of New York is planning an address, possibly tomorrow, in support of the bills for a

war cabinet and munitions director. The war cabinet measure will be considered by the committee this week and another vote is planned on the question of reporting it to the senate.

## EXAMINE DRAFT MEN EACH NIGHT

Examination of draft registrants under the jurisdiction of Maricopa local board began in the basement of the Fleming building Monday evening when 74 eligibles appeared before the physicians. Estimates are that about 40 passed.  
According to announcements made at the local board yesterday, registrants will know immediately after their examination, whether they are subject to be called into the nation's service. The matter of exemption will not enter, for this will previously have been attended to and action will have been taken on all else save the man's physical ability to serve.  
Seventy-one omer registrants were examined last night. Members of the board were unable to say how many had passed.
